SUSHANT TANAJI PATIL

Kolhapur, Maharashtra | 2004sushantpatil@gmail.com | 9371838751 | LinkedIn | GitHub

PROFESSIONAL SUMMARY

B.Tech in Computer Science graduate skilled in Java, Spring Boot, Spring Security, and Hibernate/JPA, with a strong foundation in REST API development, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), and relational database design using MySQL. Built and shipped 3 end-to-end projects, including a full-stack e-commerce platform with secure authentication, order management, and RESTful backend architecture. Seeking a Java Backend Developer role to apply strong fundamentals and a fast learning curve to production-grade systems.

TECHNICAL SKILLS

- Languages: Java, C++
- Backend: Spring Boot, Hibernate, REST APIs, Maven
- Frontend: HTML, CSS, JavaScript
- Database: MySQL (SQL)
- Tools & Platforms: Git, GitHub, IntelliJ IDEA, VS Code, Postman
- Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

PROJECTS

Watch Store — E-Commerce Platform | *Spring Boot, Hibernate, MySQL, Spring Security* | GitHub

- Built the backend for a watch e-commerce platform using Spring Boot — implementing REST APIs for product catalog, search/filter/sort, cart, checkout, and order history, consumed by an Angular frontend.
- Designed a normalized MySQL schema (users, products, orders, order items) with Spring Data JPA/Hibernate for persistence, and RESTful APIs to connect the frontend and backend.

Digital Café System — Full-Stack Food Ordering Platform | *HTML, CSS, JavaScript, Firebase* | GitHub

- Developed an online food ordering system with a dynamic menu, cart, and order-tracking functionality using JavaScript and Firebase.
- Integrated Firebase Realtime Database to store and sync order data, supporting concurrent orders with minimal latency.
- Built a responsive, mobile-friendly UI improving usability across devices.

ImageChat — Secure Messaging via Image-Based Encryption | *Java, File Handling* Diploma Final Year Project, 2022

- Implemented an image-based steganography technique to encrypt and transmit text messages securely between users.
- Applied core Java and file-handling concepts to encode/decode messages within image files without visible data loss.

INTERNSHIPS & TRAINING

Cloud Computing Training | *Domain Computer Education, Kolhapur* Jul – Aug 2022

- Completed hands-on training on cloud-based service delivery models (IaaS, PaaS, SaaS) covering servers, storage, databases, and networking.
- Gained working exposure to deploying and managing basic cloud-hosted resources.

EDUCATION

D.Y. Patil Technical Campus, Talsande | *B.Tech, Computer Science | GPA: 7.8/10* May 2026

D.Y. Patil Polytechnic, Kolhapur | *Diploma in Computer Science | 81%* May 2023

Mahadymik Vidyalaya, Asgoan | *Secondary School Certificate (SSC) | 80%* March 2019
